SINGING AT CHRISTCHURCH, CLAREMONT

It was a pleasure recently to perform at Christchurch in Claremont. The Sunday afternoon concert was a fund raiser to help provide funds for a drop-in centre at Forrestfield. I was told that the afternoon raised approximately \$1700 . This was a good effort on the part of everybody.

Moira put in a lot of work to get everything running smoothly and the Claremont parishioners provided a delicious afternoon tea. (Much appreciated by hungry choir members after two hours singing.)

Mike Cheffins also worked hard behind the scenes making an up to date audio record of our current songs. This will be a source for learning CD's for the future.

Our new performance attire was tried out and I thought we looked very smart with lots of imagination being used in "how to wear the colours". Audience feedback on this was positive too.

The songs we sang to fill the two hour programme (with a twenty minute rest) were a good mix and kept the audience wondering what was coming next. Digby as usual, kept us looking cheery with some of his facial expressions.

In all, a most successful day and well worth the drive down the hill.
